# Abstract

---

Introducing the “ALGT New Token” – a peer to peer cryptocurrency token with a focus on supporting Lottery Game, Payment Gateway, NFT and Farming, and encouraging mainstream cryptocurrency adoption.

One of the things that makes ALGT New Token different from almost every other currency in the world, is focus on combination among Gaming, Payment Gateway, NFC, Stake and Farm.

## **1** ALGT New Token is built to raise money for Lottery Game

Existing physical and digital lottery platforms face numerous problems including security, speed, and availability winning for players. Compared to traditional land-based lottery, online lotteries operate at a fraction of the cost and do not require tangible equipment or extensive staff although have some issues which undermine trust in the system.

But we believe, using blockchain technology which is applied on online lottery platforms can bring them more secure, transparency and fair. That's why, ALGT New Token based on Binance Smart Chain Technology of Blockchain is dedicated for focus on this online lottery platform.

ALGT New Token raises money and awareness for philanthropic causes such as; helping end world hunger, providing jobs & education for those in need, and supporting local charitable organizations such as covid relief programs and animal shelters.

Any user of ALGT New Token can play lottery games using their ALGT New Token securely, transparently and fair.

## ALGT New Token solves the issue with global marketplace as Payment Gateway

Technological developments require various forms of financial transactions to be carried out easily without having to use cash money. It will make easier for business people to develop their business bigger than previous. Moreover, the business built online such as marketplace where people can make transactions without being limited anything.

Unfortunately, many marketplace companies such as Shopee, Lazada, Tokopedia, Bukalapak, etc, still have limitations in transactions because they use fiat money. So they will get any difficulties when transact among countries.

ALGT New Token is developed to be a solution for business people among countries as a Payment Gateway. they don't have to bother exchanging their fiat money. In addition, ALG Token will develop a marketplace by cooperating with local business actors (micro, small and medium enterprises) who have local products to be marketed globally. And all transactions use ALGT New Token. That's how ALGT New Token price will be higher and higher

### 3 ALGT New Token cooperate many platforms

One more thing that will make ALGT New Token price going up is the increasing demand for ALGT New Token. Because ALGT New Token is used on some platforms as a means of payment, both a trading platform between cryptocurrencies and farming platforms. To join and start earning profits on these some platforms, users must have ALGT New Token.

As the number of users on all platforms of ALGT New Token users grows up, the greater the demand for ALGT New Tokens which will make the price higher.
